Partnering with Wisconsin utilities

MULTIFAMILY ENERGY SAVINGS PROGRAM presentation

..... Saving Energy and Money For Wisconsin

WHAT DOES FOCUS ON ENERGY DO?

- Assists Wisconsin residents and businesses in implementing energy saving projects
- Offers unbiased information and technical assistance to participating utilities' electric and/or natural gas customers
- Provides financial incentives for energy saving projects that would not occur or to complete projects sooner than they would have otherwise

WHAT KIND OF BUILDINGS QUALIFY FOR MULTIFAMILY?

YES:

- Four or more units per structure
- Apartment or Condominium buildings
- Assisted Living or Residential Care Apartment Complexes (RCACs)
- Low Income Properties
- Luxury Townhomes
- Everything in-between (*as long as there are at least 4 units under one roof structure*)

NO:

- Community Based Residential Facilities(CBRF) Examples include nursing homes and memory care
