Stop the Overdevelopment
of River Falls, it's
losing value as its
natural beauty is being
eroded - all for \$\$\$.
Why can't we learn from
the mistakes other cities
small cities have made.
You lose more than
you gain in dollars. I
like it for its natural
beauty.

River is over crowded
with Takacs. All our
shore lands are at risk.

He used to come here to River Falls years ago to go to the bars with college friends. He had no idea how close this area was to main street. He comes here to take pictures of the birds and Falls. He wishes there was better access to getting close to the falls by Junction Dam without getting too wet.

21. Do you have any additional comments regarding recreation opportunities or scenic views in connection with Lake Louise/Lake George?

The parking has got much better ever since they put in the lot two years ago. She Kayaks both the upper and lower kinni, but likes the lower kinni much more. The access to the river is better in the upper kinni compared to the lower kinni.

21. Do you have any additional comments regarding recreation opportunities or scenic views in connection with Lake Louise/Lake George?

He believes the entire area needs to be restored before they even think about getting rid of the dams. He said the last flood/storm completely destroyed the area. He believes they should get rid of the dams as long as doesn't affect the trout fishing. He thinks that the lower Kinni is a disaster and if they don't maintain it then the good fishing will go away in about 5 years.

21. Do you have any additional comments regarding recreation opportunities or scenic views in connection with Lake Louise/Lake George?

She likes how in recent years Lake George hasn't been as smelly. She was worried about damage to the area after the recent big flood. She wishes that the master gardeners would clear up the brush so that she can more easily see the water when walking. Likes how sometimes you can spot great blue heron and even eagles. She doesn't like that people feed the geese year round.

21. Do you have any additional comments regarding recreation opportunities or scenic views in connection with Lake Louise/Lake George?

He likes how convenient the parking lot is for loading and unloading kayaks at the white Kinni trailhead when coming from the upper Kinni river. Loves this area because the water is much cooler and less "muddy" than the lakes and rivers in Minnesota. He's kayaked the upper Kinni three times this year and is starting to like it more than the lower Kinni. He's glad they've chausured/removed some of the trees on the lower Kinni river.

21. Do you have any additional comments regarding recreation opportunities or scenic views in connection with Lake Louise/Lake George?

They believe the Junction Fall Dam should be removed so long as it doesn't cost too much money. They said everyone complains about the water being too warm going through town and that this problem would be fixed if they removed the dam. Lake George is much too shallow, they need to dredge it. Kayaking is fun, but becoming more and more difficult. Trail heads leading south of Junction dam aren't defined enough.

21. Do you have any additional comments regarding recreation opportunities or scenic views in connection with Lake Louise/Lake George?

She loves coming down to the area for bird watching. Said she had already seen a beautiful Egret and Heron within ten minutes. Likes to see the plovers as well. She is afraid that if they make too many changes to the area it will negatively affect the bird watching. Noticed that they just placed a bunch of rocks at the base of Overton Falls Dam just this past year.
