Re: River Falls Hydroelectric Project, FERC Project No. P-10489  
Re-Filing of Notification of Intent

Dear Secretary Bose:

On August 23, 2013, the River Falls Municipal Utilities filed a notice of intent to file for relicensing of the River Falls Hydroelectric Facilities, FERC Project No. P-10489, and a request for waiver of the requirement to file a Pre-Application Document (PAD) at the same time as the Notification of Intent (NOI), as required by 18 CFR §5.6(a)(1). Per the letter dated September 3, 2013, the Commission extended the deadline for the submission of the PAD by 90 days and due November 29, 2013.

While not required, we are re-filing the NOI to ensure that there is no confusion regarding the entity requesting the relicensing. The City of River Falls ("City") is the current license holder and the River Falls Municipal Utilities is the division of the municipality that operates and maintains the hydroelectric facility.

Therefore, the City of River Falls notifies FERC of its intent to file an Application for a Relicense for the River Falls Hydroelectric Project, FERC Project No. P-10489. The following information is provided consistent with the requirements of 18 CFR §5.5.

**(1) The existing licensee's name and address:**

Licensee's name: City of River Falls  
Licensee's address: 222 Lewis Street, River Falls, WI 54022

**(2) The project number:**

The FERC Project number assigned to the River Falls Hydroelectric Project is P-10489.

**(3) The license expiration date:**

The license expiration date is August 31, 2018.

**(4) An unequivocal statement of intent:**

The City River Falls hereby declares its intent to file an Application for a Relicense of the River Falls Hydroelectric Project.

**(5) The type of principal project works licensed, if any, such as dam and reservoir, powerhouse, or transmission lines:**

The River Falls Hydroelectric Project consists of two dams. The Junction Falls Dam consists of: (1) a 147-foot-long, 37-foot-high concrete dam; (2) a reservoir with a surface area of 16.5 acres; (3) a 200-foot-long, 6-foot-diameter penstock; (4) a powerhouse containing one generating unit rated at 250 kilowatt (kW); (5) a 50-foot-long transmission line; and (6) appurtenant facilities.

The Powell Falls Dam consists of: (1) a 110-foot-long, 16.5-foot-high concrete dam located about 0.5 mile downstream of the Junction Falls development; (2) a reservoir with a surface area of 15.4 acres; (3) a powerhouse containing one generating unit rated at 125 kW; (4) a 2,500-foot-long transmission line; and (5) appurtenant facilities. The project operates in a run-of-river mode.

**(6) The location of the project by state, county, and stream, and, where appropriate, by city or nearby city:**

State:	Wisconsin	City:	City of River Falls
County:	Pierce	Stream:	Kinnickinnic River

**(7) The installed plant capacity, if any:**

The estimated annual energy output of the River Falls Hydroelectric Project is 2,200,000 kWh. There is an approximate installed capacity of 0.3 MW.

**(8) The name and mailing address of entities listed in 18 CFR §5.5(b)(8):**

**(i) Every County in which any part of the project is located, and in which any Federal facility that is used or is to be used by the project is located:**

County:	Pierce County
County Address:	414 W Main St, Ellsworth, WI 54011

**(ii) Every city, town or similar political subdivision;**

**(a) In which any part of the project is or is to be located and any Federal facility that is or is to be used by the project is located, or**

- (b) That has a population of 5,000 or more people and is located within 15 miles of the existing or proposed project dam;

City: City of River Falls  
City Address: 222 Lewis St, River Falls, WI 54022

City: City of Hudson  
City Address: 505 3rd St, Hudson, WI 54016

City: City of Hastings  
City Address: 101 4th St E, Hastings, MN 55033

- (iii) Every irrigation district, drainage district, or similar special purpose political subdivision:

- (a) In which any part of the project is or is proposed to be located and any Federal facility that is or is proposed to be used by the project is located; or
- (b) That owns, operates, maintains, or used any project facility or any Federal facility that is or is proposed to be used by the project;

None.

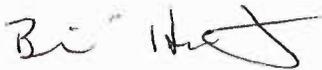

- (iv) Every other political subdivision in the general area of the project or proposed project that there is reason to believe would be likely to be interested in, or affected by, the notification; and

See service list document.

- (v) Affected Indian tribes.

See service list document.

Respectfully submitted,

Brian Hatch  
River Falls Municipal Utilities  
City of River Falls
